

I love you

I hear you

I see you

I know you

I know your prayers
before you even form
the words

I know your name.

I know your
deepest troubles

I believe in you

I will always
care for you

I don't look at your
outward appearance,
I love at your heart

I found you worthy
to die for

I have hopes
for you

I will come to you

I will not
abandon you

I will not
betray you

I will not leave
you comfortless

I understand you

I am your light
in the darkness

I know you
for YOU

I know your heart

I forgive you

I know you
are trying

I know you have strength
within you to face whatever
challenge brings your way

I am by your side.
Always

I do not define you
by your mistakes

My scars bought
your scars

Your brokenness is
My brokenness. We
are in this together

I will advocate
for you

Come to me weary
and I will give you rest

We are yoked.
We are in this together

Be of good courage,
for I am with you

I am your strength
and shield.

I will surely
help you

I am your refuge

I am the way, the
truth, and the light

I will take you
to your Father

I will give you rest

Cast all your anxiety
on me because
I care for you

I walk through your
valley of the shadow
of death with you

With Me, all things
are possible

My love for you
endures forever

I will never
forget you

You are enough

You are enough

You are enough

You are enough

Fear not, I am with you

I can help. I am here. I know you can

Lay your burdens at my feet, you don't have to carry them

All that is unfair about life will be made right, through Me

Your efforts bring Me so much joy.

I will teach you

I compensate for the unfairness inflicted upon you

I will fight your battles

I have joy in you

I have miracles prepared for you

I will fight for you

I will wipe away your tears

With me, nothing is impossible

I have overcome the world for you

Your adversity and afflictions shall be but a small moment

Everything will work out

Everything will work out

Everything will work out

You are exactly where you are meant to be to learn what you need to

You are exactly where you are meant to be to learn what you need to

You are exactly where you are meant to be to learn what you need to

Focus on Me. Eyes on Me

You are light, My light

Let Me carry that for you. Let it go

Believe in your potential

You are My hands, you are Mine, engraved on My palms

My plan for you is divine

I am with you

You're never alone

I will not forsake you

I understand your perspective

I answer you privately

I am reaching for your reachings

I will stand by you through your difficult trial

I've been through what you've been through, so lean on Me

I have begun a work in you

I have heard your prayer

I have cast all your sins behind your back

Seek Me and My strength. Seek My face continually

Please set your heart and soul to seek Me

I want you to shine My light

You are My hands. Use them wisely

You're never alone

Your efforts bring Me so much joy

I have set you free

Be of good courage, for I am with you

I will surely help you

Seek My face always

I am your rock
and salvation
and fortress

Do not be dismayed,
I am with you wherever
you go

I will give you power
so that you may
not be weak

You are born again
through Me

I am by your side.
Always

I do not define
you by your mistakes

I do not define
you by your mistakes

I do not define
you by your mistakes

I do not define
you by your mistakes

I have conquered
the world for you

I take such delight
in you. I want to
crown you

I have set you free

Your adversity and
afflictions shall be but
a small moment

Everything will
work out

Everything will
work out

Everything will
work out

You are unique
for a reason

You don't need
to do it all

You don't need
to do it all

You are unique
for a reason

You are unique
for a reason

Let Me carry that
for you. Let it go

Let Me carry that
for you. Let it go

I am with you

I can help

I can help

I love you

I hear you

I see you

I know you

I am here

I am here

I am here

I love you

I hear you

I see you

I know you

I know you can

I know you can

I know you can

I love you

I hear you

I see you

I know you
